Polaris

Remember . . .

POLARIS

North High School
Nashville, Tennessee
1973

Rhonda
Darlene
Curtis
1955-1972

The 1973 edition of the POLARIS is dedicated to RHONDA DARLENE CURTIS, who will not Graduate with the Class of 1973. We cannot, and we will not say she is dead, she is just away.

Rhonda attended Haynes and Cumberland Schools prior to entering North in her Junior year. She was an Honor Student during her early years of schooling as well as her Junior and Senior years at North. She liked music and always found herself participating with the Chorus. She had just been elected Secretary of the Future Business Leaders of America.

Not only was Rhonda active in school activities, but she affiliated with many organizations at Hopewell Baptist Church where she had been a member since the age of seven.

Rhonda was the only child of Mr. and Mrs. Leroy Curtis. With her pretty smile and concern for others, she has now wandered into an unknown land as a result of a fatal automobile-train accident on October 14, 1972. We shall always remember her for her pride, dignity, cheerfulness, determination and love for others.

Rhonda is not dead - She is just away.

Mr. R. W. Elliott

PRINCIPAL'S MESSAGE TO THE SENIORS:

A few days ago the Apollo 17 command module splashed down in the Pacific. This event concluded not just another moon mission, but an exciting chapter in man's attempt to understand our universe. Lunar exploration has been the most challenging and inspiring venture of this generation.

The Apollo program started with a dream, but little progress was made until the dream became a goal and the goal was viewed with commitment. In 1961 when President Kennedy pledged to send an American to the moon and return him safely, he committed the great resources of our nation to that goal. The success of the Apollo program is a result of our commitment.

Today, as we look toward Graduation, and as we review our dreams of the future, I would remind you that little progress will be made until our dreams are transformed into worthy goals, and the goals are approached with a commitment to invest all our resources in their quest. Longfellow put it this way "Go forth to meet the shadowy future without fear and with a manly heart." Commitment is the spark that turns the vapor of dreams into a blaze of accomplishment and success.

BEST WISHES for an exciting, productive, and successful future.

Acknowledgment

The POLARIS STAFF wishes to take this opportunity to express its sincere thanks and appreciation to our patrons, friends and citizens of Metropolitan Nashville Davidson County for the cooperation as well as kind and generous support given.

We wish to extend an especial thanks to the Members of the Metropolitan Board of Education, Mr. William K. Wright - Area Superintendent, District III, Mr. Edmond M. Tipton - Director, District III, the Central Office Personnel and the loyal men and women who comprise the North Nashville High School Faculty.

Student Advisory Council

FIRST ROW - LEFT TO RIGHT - Sylvester White, Janice Williams, Joseph Walker, Denise Temple, James Dale, Gwendolyn Ferrell, Angela Driver, Raymond Sutton, Karen Jobe SECOND ROW - Mrs. Mary Bateman, Faculty Advisor, Melvin Brown, Bernice Newborn, Brenda Larkins, Jessee Mathers, Phyllis Adams, Vernon Adcock, Mr. R. W. Elliott, Principal

Mrs. M.E. Bateman, Sponsor

According to ESAP regulations, each secondary school with Grades 9-12 must establish and actively involve a bi-racial student advisory committee. The specific regulations are as follows: "No later than thirty days after the opening of the current school year, a Student Advisory Committee will be formed from secondary grade students in each school affected by the project...Each such committee shall be composed of equal numbers of each significant minority and non-minority group in the affected school. The members shall be selected by the student body or the student government of such school."

Our Student Advisory Committee at North meets monthly. The time varies in order that members will not miss the same class more than once per semester.

We discuss matters of concern to the entire student body and attempt to devise methods by which we might get our students "more involved." This Committee has planned several projects for the year. Some of our purposes are: To provide resources for meeting the needs of our students; To provide a continual evaluation and "feedback" program of student concerns; To identify problems as they exist and provide experiences to resolve them.

We have participated in Human Relations Workshops. We schedule brainstorming and planning sessions in which we get together to identify and present problems to those persons concerned, in order to work out a solution.

Realizing the importance of this Committee, it is felt that much has been done to bring about better relationships and get the others "more involved."
